## OUR SCHOOL

On the twenty-eighth day of October, thirty-seven years ago, a ribbon was cut to open formally the doors of one of the finest educational institutions in Canada. It happened in Sarnia, and the institution (which received tremendous ovations such as, ". . . the best school that can possibly be procured") was our own Sarnia Collegiate Institute and Technical School.

In 1922, a year when progress knew no bounds, its opening marked the realization of a dream of the Department of Education and of educators from all over Ontario. They had long hoped for a school to train students who had previously entered the world of industry woefully unprepared. Now, the new school made possible technical, as well as university preparation programs, to suit different types of students with individual qualities and ambitions.

It was due to the generosity of Sarnia's Citizens that the dream first saw the light of day. The Board of Education had its dream, a \$200,000 grant from the government, and a free hand in choosing location and plans for the school. The Citizens of Sarnia provided the additional sum of \$500,000 to make the school nothing but the best. And best it was, for Sarnia soon found herself the talk of the Dominion, and model for many others in Ontario.

Since technical training was new in Canada, its requirements had to be thoroughly investigated. The city's industry was kept in mind, and the result was a training schedule much the same as today's.

To handle teaching in all departments, again the best was needed. The staff consisted of the finest teachers in Ontario a tradition which has been faithfully adhered to through the years past and will probably continue in those to come.

The first years of the school's existence proved to educators, students and prospective employers that S.C.I. and T.S. was, undoubtedly, what they had been waiting for. In its thirty-seven years the school has sent thousands of fully qualified graduates to business careers or to universities in all parts of Canada.

To prepare students for the careers ahead of them the school has found it necessary several

times to expand the curriculum. One instance was the addition of welding and sheet metal classes during the second World War; others, the recent addition of the electronics and industrial chemistry departments, which now offer students basic knowledge in those rapidly expanding fields.

As if in answer to the old adage, "All work and no play . . . , " the school boasts extra features, such as the large indoor swimming pool, the only one in this part of Ontario. The pool provides training and enjoyment for students of three high schools, and for Y.M.C.A. members in weekend classes. Another unique convenience is the large auditorium, which has always served the student body by providing a place for daily assemblies. Students have long found in the large hall, an outlet for their theatrical talents, which are displayed in the annual productions of their outstanding variety show, the S.C.I.T.S. Review.

At the conclusion of World War II a plaque was installed in the Collegiate in memory of the many former students of this school who gave their lives in the conflict. Now it hangs in a place of honour as a daily reminder of our duty to make use of the opportunity to study in freedom.

With the addition of many chemical plants in Sarnia, the city's population took a tremendous leap. New families brought new children and by 1954 the student body of S.C.I. & T.S. had swelled to more than the school's capacity. A system of staggered classes was introduced as a temporary remedy and was applied so skillfully that the students suffered a minimum of inconvenience. Soon, however, the overcrowded conditions were made worse by the building of several new industries.

Two new schools were built, Central in 1955 and Northern in 1956, eliminating the chief torment of teachers and Board members.

Today, Sarnia has three schools to be proud of, one with a history and two in the process of making one. But let's look at it differently, think of the large number of former students who reached their goals in life through what they learned at S.C.I. & T.S., think of what the future holds for three times that number then think of how lucky we are to be among them.

# Editorial

"Progress is our most important product." We all have seen and heard this phrase on our television screens when we should have been doing homework. This is not just a rubber stamp expression; it is a proud claim made by one of the nation's leading industries. To obtain their most important product they must find and conduct experiments, and then develop their ideas in accordance with their experimental findings. It is their desire to progress and their consequent research that have made them a leading industry.

We need not go farther than our "back yards" to find outstanding examples of prosperous industries. Sarnia's advantageous location on the St. Clair River and her nearness to other large cities have proved prime factors in the location of many industries in our Chemical Valley. Over a period of years these industries have expanded, providing more employment for area residents. Furthermore, the large industrial expansion has made Sarnia a mecca for people of all countries who are seeking employment. Needless to say, this industrial development was sparked by progress — the desire to advance towards something better.

The program of industrial development took place in a relatively short period of time. Thousands of people migrated to Sarnia, homes were built, business boomed. The City of Sarnia was left to cure the "growing pains" that resulted in this influx of people. "More" was the key word — more fire protection, more police protection, more housing developments. The greatest need, however, was added educational facilities.

Six years ago, S.C.I. & T.S. was the city's only secondary school. Educators knew that the capacity of our school had been passed and the time had come to take a progressive step in the educational facilities in Sarnia. As a result Central Collegiate was built. More recently a third high school, Northern, has completed an addition to

handle students from the suburban area at Sarnia's every expanding north end.

With the overcrowded conditions somewhat eased at SCITS, the parent school, the faculty can now envision a more progressive curriculum. The addition of an electronics course to the technical department is a new feature of education. Electronics has become an important field in our modern day living, and local industry needs men who have a sound basic knowledge of electronics. This is one way that our school assists local industry. Thus as industry progresses so does our system of technical education.

As students in all three departments of SCITS we are all given every opportunity to prepare ourselves thoroughly. The shops and commercial offices are well equipped. The staff is well qualified and very competent. But what of us? Are we making the very best use of these opportunities afforded us? A pupil sitting in a room, doing nothing, may absorb some knowledge of a problem. On the other hand, the student interested in furthering his knowledge will take an active part in the class, in homework assignments and class discussion. This type of person is truly interested in education for progress.

This year the magazine staff too, would like to say that "progress is our most important product." We have tried to publish a magazine that will provide each student with some small enjoyment that will remain with him over the years. I hope that in the future there will always be a group of students who will take as much pride in publishing the **Ad Astra** as did my staff.

In closing I would like to express my sincere gratitude to Mr. Palmer, our staff advisor, for his help and co-operation in every phase of this magazine.

Editor.

## *Foreword*

The Ad Astra Annual was so named because these words appear in the school's Latin motto — sic itur ad astra. It is well from time to time to renew our acquaintance with such familiar phrases lest their significance should escape us. Our Latin motto was chosen from that masterpiece of Latin poetry, the Aeneid, and was written at the time of Rome's undisputed mastery of the Western world, by the poet Virgil to describe that ancient heritage and those national virtues to which her successes were attributed. The words si itur ad astra (Book IX, l. 641) — so man scales the stars — are part of an address by the god Apollo directed to the youthful Ascanius, son of Aeneas, in complimenting him on the success of his first engagement in battle.

The method of man's achievement of his highest aspirations — to scale the stars — is one that inevitably must occupy the thoughts of youth today and in our schools as much as in the time of ancient Rome. Our school motto is not only unique but has a valuable significance and a real appropriateness for us members of this school. Let us continue to strive so that we may with confidence feel that we have in some degree put into effect the ideals of our school motto — sic itur ad astra.

In conclusion I wish to congratulate the magazine staff and its teacher adviser, Mr. Palmer, in bringing into production another fine edition of the Ad Astra Annual.

She has been Vice-President and Secretary-Treasurer of St. Paul's Young Peoples. Someday soon Marion will be teaching and she'll be good at it.

Pat has been a member of the G. A. A. for the past two years, and participates in all interform sports. **HELEN LUND**

Helen's main ambition is to become a receptionist in a doctor's office. Her part time job at St. Joseph's Hospital on the obstetrics floor will certainly help her in her chosen occupation. Helen will be remembered by her classmates for the way she closed Mr. Irvine's door. Swimming, learning to drive, and B. G. are Helen's favourite pastimes.

Her favourite pastime are swimming, roller skating, and watching hockey games in Forest. Her father's green Austin certainly comes in handy on those frequent trips to Forest.

**MURRAY McNEILL**

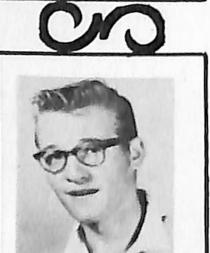

Although the boys are a minority in C-12-B, they certainly are noticed. Murray is no exception. Next year he would like to further his education at Port Huron Junior College taking Business Administration. His interest include sailing, swimming, and football. We wish Murray the best of luck in his future plans.

**SANDRA POWERS**

Sandy has her future planned! The "biggest" portion of her plans concerns a fellow by the name of Bill G. Sandy was active as a cheerleader, and is outstanding with her long blonde hair.

Here's a bashful type who doesn't like to see his name in print. Fred admits he took a Cadet Officers training course three years ago, but keeps the rest of his past a secret.

**JUDY STEVENS**

Judy hopes to work in a lawyer's office. C-12-B elected Judy to represent them on the G. A. A. Judy's interests are bowling, swimming, baseball, and Teen Town dances with Gord. We hope she is successful in obtaining a position with some young lawyer.

**CAROL UNDERWOOD**

Carol likes to give teachers the impression that she is a hard worker—she is always the last girl out of the class. She would like to become a dental receptionist upon graduation. The idea of being a housewife and looking after little Marshalls appeal to her. She doesn't need good luck to achieve this "ambition", she is doing all right now.

**PAT WARRENER**

Bowling anyone? Pat has bowled her way through school and won awards for her skills in 1955 and 56. She also enjoys badminton and basketball. Talking on the phone is a noted pastime of hers—talking to Garry, that is. After graduation Pat will look to local industry for an occupation.

And tell Mr. Schieck I did my best.  
Lay my geography at my feet  
And tell Mr. Rome it had me beat.  
Lay my history in my hand

Tell Mr. Little I didn't understand.

Lay my drafting on my toes and

Tell Mr. Thomas I didn't know.

Lay my auto mechanics on my knee and

Wayne's ability to set a yo-yo into orbit around SCITS is unsurpassed. His speeches in Mr. Payne's room are another thing. He would like to become a Chemical Engineer after High School. Don specializes in Chemistry. His pastime is Atomic Physics.

**STU McLEOD**

Stu could probably be tagged as the most popular guy on all floors of Scits. Senior football, basketball, interform sports, Scits Revues have kept him quite busy but not enough to hinder his interest and ambition which is wood work. His favourite pastime, though, seems to be arguing with Linda about anything unimportant.

**DAVE McGIRR**

**BILL SKAM**

Bill has just two ambitions, to be president of St. John's A.Y.P.A. and to own his own gas station. Although he managed to become form representative in '55-'56, he has lost the nominations these last two years because of lack of money to back up his bribes. His pastime is going to Sunday Night meetings and Tab's on Saturday.

**BILL SMYTH**

Bill has several interests but they all come under the headings of sports and Nanette; the latter keeps him awful busy. Saying—"Wonder why this radio doesn't work."

Bill plans to attend Ryerson to find out how the millionaires make their money.

**CALVIN RUTTER**

The rule here is not to grab anything metal in electronics class when Calvin is around. Many a high pitched yell has been heard during the last few months. Calvin's main interest, for three years now, seems to have been Sharon. Cal plans to work in industry upon graduation. He has been known to get his homework done.

**RON SMITH**

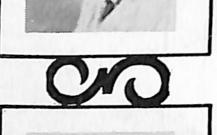

"Smitty's" energetic personality was a great asset to his form this year. He played in the school bands of Central and S. C. I. & T. S. Ham Radio and music are his main interests. He's noted for answering Mr. Payne's hardest English questions. His one ambition is to graduate, buy a set of bongo's and play sweet music to Zelda on his pinto. Ron hope's to work in Electronics.

**DOUG STRUTHERS**

Doug has kept the Drafting Specials in laughs and plenty of detentions through the year. About the only time Doug had a straight face was when the judge said "That'll be twenty-two fifty and costs for excessive noise, and speeding." He won a Grade 9 Honour Certificate and one in Grade 11 also. He won the \$15 award for drafting in Grade 9.

**RAY TIMMS**

Ray "The Rifle" played football for S. C. I. & T. S. in '57 and '58 seasons and quarterbacked the Bombers in '58. Ray's special shop is welding, which he hopes will be his life's work. **FRED WARRINER**

Fred "The Lug" is the pride and joy of T-12-B. He can be seen participating in almost every sport conceivable including chasing girls. Fred plans to attend Western Ontario Institute of Technical upon graduation, which won't be very soon if a couple of teachers have the last word!

**LEO WHITELY**

Leo's ambition is to get out of school and work on cars before they become out dated. With his so-called knowledge of welding he should go far. He is noted for those one-minute speeches and following Pat all around.

**JOHN WILLIAMS**

"Johnny" is a delightful character who spends most of his time sharpening pencils for Mr. Green. Some of John's accomplishments are the most minutes spent sleeping in class and the greatest number of detentions. He spends most of his time fixing a '46 Ford that will never run. He's been on the same car since he came to high school 10+ years ago. He hopes to become a draftsman.

**GARY WINTERS**

Gary (Whinny) is a specialist of sorts on automobile transmissions. Before they got the new car he used to change it every time he got gas. Gary's size gained him tackle spot on every inter-form football team. He is suffering from a phobia in Mr. "P's" room; he's been at the board so long he's forgotten where his seat is. Gary hopes to work in Electronics at Westinghouse in Hamilton.

**SCHOOL SONG**

Stand and sing to S. C. I. T. S.  
Sing your praises, it deserves no less,  
And tell of days spent in those halls of fame.  
Where we learned to work and play the game.  
Onward, forward, striving to the end,  
Though the road be long,  
So we'll work with a will for our knowledge and  
skill,  
At the S. C. I. T. S.

Ross Smith, Nancy Irvin, Mr. Billingsley

Mr. Billingsley, Distinguished platform guests, ladies and gentlemen:

It is indeed a pleasure to be here as representative of the graduating class of 1958. It doesn't seem possible that the four or five years we have spent in high school are over. The years of classes and study, school dances and football games have ended for some of us, but others have begun another chapter of study at universities, teachers' colleges and technical institutes.

As I recall past years at SCITS, I feel a deep pride that this was my school. Memories of the crowded classrooms and staggered classes which the Board of Education has worked so hard to overcome, and the scratched desks, latin tests, chemistry problems and typing assignments are all associated with this stalwart brick building which has seen students come and go for 35 years. There were English class trips to London to see a play studied during the year, and botany field trips —and most of us will never forget our introduction to the dubious joys of folk dancing in P.T., although I'm sure we'd like to forget — and Mr. Newell's paddle will long be remembered, no doubt, by some of the members of the boys' gym classes.

My address to this point has been entirely sentimental, but I'm certain that those who have received diplomas tonight with me, and those who have graduated from our school or are students here now, will fully understand this sentiment.

During the past year, numerous man-made moons have been circling the earth and attempts have been made to encircle the moon. As a result of these recent accomplishments, there have been many discussions on whether or not our educational system is adequate. We are no less intelligent than our brethren across the Bering Straits and our educational system is a fairly sound one. However, a little more ambition cultivated in the students now at school and more contact with the

## Address

finer arts might be a start. Perhaps our society places too much emphasis on the importance of obtaining material things while ignoring the satisfactions and security which can be gained from study and academic achievement. With the nations of the world in conflict over most of the issues before them now, we must realize that if our freedom and democracy are to endure, Christianity and Education are the two absolutes necessary for their endurance.

I am sure that each graduate here tonight would understand my difficulty in trying to express adequately our appreciation of those who laboured with us so patiently. They were great teachers, not only in an academic sense but in their sympathetic understanding of our personal problems. They taught us much that can never be found between the covers of a book. Through them we learned to accept responsibility and to comprehend the rights of man and the traditions of our great country.

It is wonderful to have an opportunity to return to our school, to see our teachers and old classmates and to walk through these halls again. We're each a part of SCITS and it has a part in us. We're proud of our school — let's make it proud of us!

It is traditional in this school for a member of the graduating class to pass on to the incoming grade 9 class, a lighted candle, the symbol of learning. It is my pleasant duty at this time to continue this tradition and to pass the candle to Arlene Olson.

## *Mrs. Donald W. McGibbon*

Mrs. Donald McGibbon, one of Toronto's most prominent and popular club women, graduated from SCITS in 1929. While at SCITS, she took an active part in both the Drama League and Debating Club. In 1932 Mrs. McGibbon graduated from Victoria College and has had the distinction of being the only woman to have held the presidency of the University of Toronto Alumni Association (1952-53).

Born and educated in Sarnia, Pauline Mills and Donald McGibbon were high school sweethearts, attended SCITS and the University of Toronto together and were married in 1935. Mr. McGibbon is now the treasurer of Imperial Oil of Canada.

At present Mrs. McGibbon is the president of the Dominion Drama League, and in recognition of her excellent work, she was presented with the Canadian Drama Award in 1958.

In 1933, Mrs. McGibbon joined the I.O.D.E. in Sarnia, where she was Regent of the Municipal Chapter. Her first I.O.D.E. job, after going to Toronto in 1940, was looking after the British War Guests for the Municipal Chapter. A member of the national executive since 1950, she has held several offices in the national chapter, prior to her post of the educational secretary. In November 1956, she received a life membership in the Ontario Provincial Chapter.

In spite of her active club work Mrs. McGibbon finds time to enjoy her home, entertain her friends, and collect Canadian paintings and sculpture.

## *Edward T. Galpin*

The new Canadian Consul in Teheran, Iran, is Edward T. Galpin, a graduate of SCITS. Mr. Galpin attended Lochiel St. School and then SCITS. On leaving high school in 1936, he attended the University of Western Ontario, where he won the MacIntosh prize for public speaking and was also Gold Medalist in History. He also became editor of the college year book and, on graduating, was made a member of the Honour Society. Mr. Galpin then received a fellowship to study at Brown University, Rhode Island, where he received his M.A. degree. Receiving an I.O.D.E. scholarship, he studied at Cambridge University, England, and graduated with a M. Litt. degree.

Mr. Galpin then became associated with the Canadian Department of External Affairs, Ottawa, and was posted to Ceylon for two and one half years in the office of the Canadian High Commissioner. While in Ceylon, he met and later married the former Jeanne Kolsteeg, daughter of Mr. and Mrs. A. W. Kolsteeg, The Netherlands. Mr. and Mrs. Galpin have one son, Albert Jay.

**Scits Vs. St. Pats**—Scits' only point scored was on a fumbled kick in the end zone. It was kicked by Bud Soden. St. Pats, in the meantime, scored 26 points. The team had about 700 supporters but just couldn't hit the score sheet with a major.

**Scits Vs. Central**—This game was also played at Norm Perry Park. In this game nothing went right for the team, and they were soundly defeated by a strong team from Central. **Central Vs. Scits**—This game was played at Central and was the best game that was played all season. At the end of the half we were leading 2-1 on goals by Tremain and Di Donato. Central came back in the second half and scored 2 unanswered goals with only seconds remaining to win 3-2.

**Scits Vs. Northern**—The last game of the season was played against Northern, at Northern. After an opening goal by Northern, Scits team came to life. A thrilling game opened the basketball season at Scits. The match was played between St. Pats and our own Bomber team. The game went into overtime and Scits was the victorious team by the score 39-33. Jim Colbourne was the high scorer with 15 points.

The next senior game was played against Central. It was a hard fought game and it too finally ended in overtime. A brilliant display of defensive play was exhibited by both teams. Although the game was close Central pulled ahead in overtime and won 51-46. High scorer for Scits was John Little.

The seniors played in their next game against Northern. It was a game that was well played by Scits. Stu McLeod led the team to a convincing 47-27 win and he contributed 18 points to our cause.

The team played their next scheduled game against Central. The game was one of the closest

seen in our gym all year. The half-time score was 26-17 for Scits. In the final seconds of the game Central sank a basket to win 53-51. Stu McLeod again was the high scorer for our team with 16 points.

Northern sent its senior team to Scits and the team from Northern edged our seniors 37-36. The third quarter score was 28-28. Bob Widdup was Scits' high scorer with 11 points.

The playoffs opened with Scits opposing Central. The senior team lost the first game 49-41. Stu McLeod had 19 points for the losing team.

The seniors played their final game in the Central gym. Jim Colbourne and Stu McLeod scored 28 points between them but they worked for a losing cause. Although the game ended in a 50-50 tie Central won the series 99-91, thus giving them an eight point advantage.

Our junior team played Central next, and they were defeated by the high flying Central juniors by the score of 56-38. Bob Kidd scored 21 points for the losing cause.

Next came a fast game and a win over the Nor-

thern team by a score of 67-37. The game was highlighted by a 35 point scoring spree by Bob Kidd. This is thought to be a record for junior basketball in the Sarnia area.

The playoffs opened at SCITS and our junior team lost by a narrow margin of 43-40. At the half the score showed the Central team well ahead 26-16. Bob Kidd scored 13 points in the next half to narrow the gap.

During the year the school team also participated in other competitions. January 24, the team lost a 427 to

436 decision to Central in the annual competition provided by the Army Engineers for the Sapper's trophy. The team broke out to an early lead against the other Sarnia Secondary schools but lost in the last rounds of the competition. Carl Kern had the highest individual score in this event.

#### HOCKEY TEAM

For the first time in a number of years SCITS was represented by a hockey team. Two teams represented SCITS and two came from Northern. At the end of the season each school selected an all-star team which went into Sarnia High School Playdowns. Both SCITS teams practised at 7 a.m. in the Sarnia Arena on Tuesdays and Wednesdays.

The first game was played in the Sarnia Arena and featured Northern "Reds" and Scits "Whites". The "Reds" scored 3 goals before the "Whites" got untracked. Larry Janus scored two successive goals before the second period was over. Late in the third period Northern scored two goals and they went on to win 5-2.

The next game was played between the SCITS "Blues" and the Northern "Whites." This was played in the Point Edward Arena. Northern scored the first goal and later Fred Cooper scored the tieing goal. Final score Northern 1, SCITS 1.

The third contest was played in Sarnia between the "Blues" and Northern "Reds". After several fine saves the puck got past Paul Hamilton and Northern scored the first goal. Once again Fred Cooper scored a goal to make the game a tie.

In the next game Northern scored 3 goals before Cal Adams scored one for SCITS. Northern led 5-1 after one period. Don McKenzie scored 4 goals and Cal Adams added another to lead SCITS to 6-5 win over Northern.

The two SCITS teams played in the next game and the "Whites" won 3-1. Don Sheffield scored the only goal for the "Blues" Cal Adams with 2 and Ken Gamble scored the other for the "Whites."

In the playoffs against Northern the first game was played in the Sarnia Arena. The scoring started in the second period with Northern getting the only goal. Late in the third period Fred Cooper scored; at this time Northern seemed to give up and Don McKenzie and Don Sheffield scored for SCITS. Final score Northern 1 — SCITS 3.

The second game was played in Point Edward and the SCITS team fought to a draw. Fred Cooper scored SCITS' only goal in the first period. Northern evened the score in the next period and the game ended 1-1. SCITS now needed only to tie the next game to win the championship.

Like the second game the third was also played in the Point Arena. Don McKenzie and Ken Gamble scored first period goals for SCITS. Ken Gamble got the only second period goal and Cal Adams with two and Dave McKegney scored the last SCITS goals. In the end the score was SCITS 6, Northern 4. We now would have been able to enter W.O.S.S.A. Playoffs but SCITS was not registered.

#### CURLING TEAM

The curling season got off to a slow start this year, mainly because of lack of interest. Dave Harris, along with the valuable help of Carl Kern, managed to round up a team to represent the school in WOSSA Curling.

This year the district playdowns were held in Windsor. The three Sarnia schools were represented as were teams from the Windsor area.

SCITS won their first game 15 to 5; their sec-

ond, 10 to 5, but finally they were beaten by the undefeated Walkerville Collegiate by a score of 15 to 5.

The Windsor Curling Club provided each team member with two meals and a gift in appreciation of their efforts.

On the whole, the four boys represented the school extremely well—we can be proud of them.

# Traditions that live

Strong and honourable traditions provide the foundation of firm training in leadership expressed today in the motto of the three Canadian Services Colleges: Truth-Duty-Valour.

Allied to the prestige of the past is advanced education at university level given by these colleges to the officer-cadets of Canada's armed forces. Carefully selected high school graduates are trained for challenging professional careers as officers in the Navy, Army or Air force, for the responsibility of holding the Queen's Commission.

*to serve the Future*

Through the Regular Officer Training Plan (ROTP) the Department of National Defence will sponsor a limited number of qualified High School graduates to obtain a university education, either at the Canadian Services Colleges or at designated Canadian universities. Full details of this financial assistance can be obtained without obligation from your nearest Armed Forces Recruiting Centre, or by mailing this coupon now.

#### GIRLS' ATHLETIC ASSOCIATION

The Girls' Athletic Association has spent a busy year doing everything from blowing up basketballs to scheduling inter-school basketball games.

The girls have their executive meeting every Thursday at noon in room 107. At the meetings, scheduled for interform volleyball, deck tennis, and basketball were set up. A point system for such games is used. A chart on the first-floor bulletin board shows the girls where they stand in the tournament. The winning team from the junior, intermediate and senior team receive pennants which they may keep for the rest of the year.

This year the association scheduled inter-school basketball games with both Central and Northern Collegiates. Such games not only encourage good sportsmanship, but also make the girls' ath-

letic program more interesting.

Also this year, the association presented a special swimming program in order to teach non-swimmers how to swim. Both swimmers and instructors received a great deal of benefit from this part of the program.

All girls who were interested in dancing met every Tuesday after school in the gym and learned to waltz, charleston, somba, polka, and folk dance. Later in the year the Dance Club turned into the Gym Club so that girls interested in gymnastics could be given special training in this field.

The Girls' Athletic Association have tried, this year, to include a program that would prove interesting in some way to each girl. We all hope every girl felt she was included.

**Back Row:** Shirley Terpstra, Edith Olsen, Pat Clawson, Miss Putnam, Linda Lewis, Carolyn McKinlay, Carol Fralick.

#### SENIOR GIRLS' BASKETBALL

SCITS senior girls' basketball team started the season off with a bang. Our school teams, junior and senior, defeated both of Northern's teams on our home floor. Then the seniors defeated the Central seniors by three points on our home floor and by one point on their floor. Close guarding by Central made it difficult to score without fouling.

Overconfidence was evident in our return trip to Northern. The final bell of the game was heard and we were winning by one point, but the ball had been released from a Northern player's hands. Well, you guessed it! A lucky basket

was scored and we lost by one point. The results of this game and the warnings about the great Petrolia team made us work. When we played Petrolia at SCITS, we were defeated by three points. This made us work even harder since we didn't expect to come that close to a WOSSA team. On our return match at Petrolia, SCITS took the honours by taking the game, with a final score of (26-19), a seven point edge.

St. Pat's was the only team left in this area for us to meet. Although we were victorious over St. Pat's, they complimented SCITS by saying we were the most hospitable team they had met.

**Back Row:** Sandra Geary, Sherry Mitchell, Anne Allan, Barb Jordan, Miss Putnam, Ann Gallo-way, Terry Black, Pat Vernon.

**Front Row:** Carol Sorjonen, Susan Ewener, Diane McLeod, Connie Lucas, Barb Eady.

#### JUNIOR GIRLS' BASKETBALL

Shortly after the Christmas vacation the Junior team made its debut. This encounter against Northern gave us our first win, by a score of 29 to 9. After that, nothing could stop us. On February 6, we beat Central 39-12 here, and three days later we won our next game against Northern 25-12, on their home court.

Our next game was against our old and dear friends from Petrolia. Even though some skeptics believe that the long trip here weakened them, we managed to win our fourth straight game 35-18. But alas, our hopes for a perfect

season were short-lived for, on February 20, we lost a close one, 30-28, to Central on their home court.

Trouble always come in pairs. On February 26 we lost another close one, this time to Petrolia, on their court, by the score of 26-25.

During our final game on March 7, we regained some of our lost spark and whipped St. Pat's 33-24, winding up the season with 5 wins and 2 losses.

The whole team joins in thanking Miss Putnam and Linda Lewis for their fine job of coaching.

#### CHEER LEADERS

**Nancy Cameron, Carol Fralic, Ann Hocking, Captain; Sandra O'Field, Sandra Powers. Mary Shaw in front. Absent—Sandra Murray.**

#### CHEERLEADERS

With the beginning of school in September, the need for a Cheerleading squad was at hand once more. Out of the thirty to forty girls to try out from Grades 10, 11, 12 and 13, seven girls were chosen.

The uniforms were the traditional blue sweatshirts and white skirts — the proud colours of our school.

Besides making appearances for all our school football games and most basketball games, our cheerleaders were the only ones to accept the invitation issued to all secondary schools to cheer

for the Junior Knights Football team in their play-offs.

Perhaps the most outstanding effort of the squad was put forth on the night of the Red Feather Games when the cheerleading squads from all four high schools competed for their Captain to represent Miss Red Feather—with the group from Central being chosen as the best.

Even though our teams did not come through successfully, the cheerleaders never gave up their efforts to encourage them.

#### STUDENTS' COUNCIL

The Students' Council is composed of the executive:— President, Bob Brown; Vice-President, Carl Kern; Secretary, Elaine Johnson; and Treasurer, Aris Slesers; a representative from each form; a representative from each organization within the school; and two staff advisors, Mr. Pate and Mr. Little.

The Council strives for betterment of the school and a variety in extra-curricular activities.

Some of the activities of the Council this year included the preparation of the annual "At Home" which included decorations, hiring of an orchestra, mixing and serving of the punch, and general problems attributed to the whole affair. The Com-Te-Colls are all arranged either by the Council or through the Council. They are handled by assigned chairman and committees which are responsible for their individual duties.

The Council is responsible for some annual awards presented at the Commencement. Fifty-

dollar cheques are presented to the most outstanding girl and boy based on their scholastic standing, participation in extra-curricular activities, and all-round citizenship. Ten-dollar cheques are awarded to the pupils of each department with the highest scholastic standing in their year's work.

Within the Council, pins are awarded to the representatives with a record of over 80 per cent attendance at all meetings. This year the organization was responsible for the purchase of school ribbons and gob hats which will aid in the school spirit at future football games and other athletic events.

The Council also helped in the purchase of a new time clock in the Boys' Gym.

The success of any Council depends upon the backing of the student body and the guidance from the staff. Both have aided in the success of our 1958-59 Students' Council.

of the Sarnia Chess Club, and the preparation of a team to play Northern's club in two tournaments. In view of the great number of younger participants this year, it is to be expected that we shall have an active and even larger club in the years to come.

This year the club, headed by a creative, hard-working president and supported by enthusiastic members, has been restored to its rightful position as a service club. The advice, help, and guidance of Mr. Hosie as the staff advisor, have proven invaluable to this year's Key Clubbers. The projects undertaken and completed by the Key Club are as follows: The sale of milk at noons; the improving of the coat checking facilities and the offering of this service at every school dance and public event carried on in the

school. A list of the trophies and their history, winners, donors, etc., was compiled and kept in a scrap book. Twenty-five dollars was donated to the Boys' Athletic Association to help pay for the new score board. The plaque with the school insignia and list of organizations was designed, built, and paid for by our Key Clubbers.

This year our club took active participation in the Key Club Convention at Easter, the Goodwill meeting at St. Clair Shores, Michigan, and the Kiwanis meeting at which President Jim was honorary president.

The groundwork laid by this year's club should serve as a guide to success in Key Clubbing for future members.

The Glee Club, departing from the usual run of religious music and spirituals, used pieces

from the big broadway shows, such as "My Fair Lady", "South Pacific", and "Kiss Me Kate". Next they prepared for their annual Blue Water International Musical which was held in Port Huron, gathering together approximately one thousand voices. With this they ended a highly successful year.

The aim of the Inter-School Christian Fellowship is "TO KNOW CHRIST AND TO MAKE HIM KNOWN."

The I.S.C.F. originally started as the Inter-Varsity Christian Fellowship and has spread to High Schools, Teachers' Colleges, and to Nurses-in-Training. It is an organization found in most Christian countries in the world.

There are several camps during the summer throughout Canada for those of the I.S.C.F. who wish to attend. Many week-end camps are held in surrounding districts to provide entertainment and instruction. In the summer holidays there is a Leadership Training Camp held for the members who will be holding offices in the coming year.

The I.S.C.F. meets in room 204 on Friday at 12:30. The meetings vary from Bible studies, Panel Discussions to Missionary Speakers and Socials after school hours.

The socials are held by the executive of the group of one school or by the executive of the three Sarnian High Schools to which usually, the surrounding district is invited. All socials and meetings are planned and conducted by the students under the staff representative and the outside sponsor, Mr. M. Mitchell.

The meetings the past year have grown from seventeen to twenty-nine in attendance.

Each Thursday from 4 to 6 p.m. over sixty-five pupils, divided into twelve teams, meet at Graham's Bowling Alley on South Christina to try their skill at Bowling.

The Captains of the teams numbered one to twelve respectively are: Ted Kirk, Donanne Graham, Ann Thompson, Theresa Virret, Ron Dury, Jan Wiegand, Audrey Fraser, Bob Muir, Carol Haight, Bob Purves, Bill Haley and Tom James.

At the end of the season there are Trophies presented to:

- (1) boy and girl with highest single.
- (2) boy and girl with highest average.
- (3) the winning team, including each member of this team.

Also, at the season's end, three schools, SCITS Northern and Central compete for the El-Mur Jewellers' Trophy.

Last year the boys from SCITS won this trophy. The following boys were on the team: Larry Johnson (c); Bill Haley, Fred Cooper. The girls' team made up of Ann Thompson, Gloria Soper, Audrey Fraser, Betty Lou Hoskins and Mary Mactaggart was not quite so fortunate as the Central girls who won the trophy.

The annual challenge of the students to the teachers finished in a victory for the teachers. The top scorer for the teachers was Mr. Palmer and for the students, Ted Kirk.

projects of all the organizations in the school for the newspaper column.

Nancy and Larry Johnson wrote the articles, and this year the Observer enlarged its coverage of school activities by printing some pictures along with the column.

The owner of a recently formed sound service and his part-time employee had left the office to go out for an evening of fun at Teen Town. About 10.30, Wayne said to the owner, "Hey Ralph, we forgot to lock the cash drawer."

Commanding Officer John Cook led the cadets through their various drills and marching routines. The inspecting party consisted of local military personnel and civic officials. Awards, a gymnastic display, and field demonstrations concluded the inspection program.

### THE BAND

Instrumental music is taught to some Grade 9 and 10 classes and the more talented members of these classes with the senior musical students make up the band. Some of the senior members have been with the band for more than three years. The band practices on Tuesday evenings and is learning new music constantly. The band showed its school spirit by attending almost every

football game. It was also present at Commencement, the SCITS Revue, and the Cadet Inspection last year.

Mr. Gilbert, our bandmaster, spends much of his own time with the band. He is still trying to teach Pete Smith to play the baritone. . He may combine a string class with the band next year to make an orchestra.

Rain lashed the castle walls and the wind howled mournfully as the timid Bob Swift was escorted to his room under the castle eaves. "H-h-has anything unusual ever happened in this room?" Bob asked the sinister looking Butler.

"Not for forty years", came the hollow reply.  
"Wh-wh-what h-happened then?" Bob ventured.  
The Butler stared at him vacantly for a moment then hissed, "A man who stayed here all night showed up the next morning."

**Front Row, left to right:** Lena Wolf, Brigitte Haken, Aris Slesers, Sandy Charyk, Ann Hocking.  
**Back Row:** Mr. Davis, Marilyn Lester, Nancy Needham, Kathy Atmore, Jim Hunter.

#### THE SCITS CLUB

This organization has been active since the opening of the school. It has become an important tradition at S.C.I. & T.S. The club itself consists of about sixty students whose purpose is to produce a SCITS Revue equal to or better than those in previous years.

The club was handled by: President, Lena Wolf; Vice-President, Ann Hocking; Secretary, Sandra Charyk; Treasurer, Lex Gibson.

The ideas of the show were put together by the club before Christmas and soon after the holidays, we started to practice. A great amount of work and time were put into each number. Finally, after writing and rewriting everything, we were ready to try the acts out at dress rehearsal. They say a bad dress rehearsal makes a good show. Well our was not exactly good, but we kept our spirits high. We knew we had material. Our worry was acting.

Friday night came. The curtains opened to a full house and loud applause. The teenage majority enjoyed the musicals starring Corlaine Perry, Dan Belrose, and many others. Especially liked were the skits, poking fun at the competitive schools. A wonderful job of emceeing was done by Dan Belrose and Ann Hocking. At cur-

tain close, we knew were a success.

It was not over yet. We had another night before us. This was going to be more difficult. An adult audience is very critical and hard to please. The curtains opened again on a full house and closed to loud applause from a happy audience. We had done our best and reached our goal. This however, could not have been done without the help of our staff director, Mr. Davis.

The show was handled by: Co-Directors, Brigitte Haken, Aris Slesers; Music, Jim Hunter; Skits Kathy Atmore, Jim Payne; Dancing, Marilyn Lester; Publicity, Nancy Needham, Andrea Foster.

We are also proud of and thank the kids who worked backstage. Their jobs were not as glamorous as those of the actors.

Since the SCITS Club is a non-profit organization, the money we earn goes into school improvements, bursaries, and, of course, into the production of next year's show.

Well, SCITS Revue '59 has done its part. Not only has it carried on tradition, topped last year's show, but it will also be, for its participants, a fond memory of school life in the future.

"You poor lad," said the kind old lady to Mike.  
 "Here is a quarter. How terrible to be lame!"  
 "Yes M'am said Mike, "It is truly sad".  
 "But think how much worse it would be if you  
 were blind", said the old lady.  
 "You're not kidding," returned Mike. "Last  
 week-end when I was blind, people kept dropping  
 slugs in my cup."

## AFRICAN GUESTS

On Wednesday, November 5, an assembly was held to give the students a chance to see and hear Mr. M. Moerane, co-author and actor in the film "Freedom." After speaking on the problem of segregation in South Africa, Mr. Moerane gave the students an opportunity to ask questions concerning this subject. This assembly proved very enlightening and interesting and was one the students will long remember.
